

Wellness Policy Adoption Process - FDE

[Note: The Federal Child Nutrition and Women, Infants and Children (WIC) Reauthorization Act of 2004 (42 USC 1751 Note, added by P.L. 108-265, Section 204) mandated that each district participating in the National School Lunch program (42 USC 1751-1769) or the Child Nutrition Act of 1966 (42 USC 1771-1791, including the School Breakfast Program) adopt a district-wide school wellness policy by the beginning of the school year after July 2006. Section 204 of the Healthy, Hunger-Free Kids Act of 2010, P.L. 111-296 added language to the National School Lunch Act (42 USC 1758b) expanding on this requirement. School Districts with existing wellness policies should use the process described below to review existing policies for compliance with federal law. If no district wellness policy is in place, this policy provides a model for establishing that required policy]

Wellness Policy Adoption Process

Accordingly, the Board directs the Superintendent or the Superintendent's designee to develop a Wellness Policy that, at a minimum, shall:

1. Include goals for nutrition education, physical activity, and other school-based activities that are designed to promote student wellness in a manner that the Board determines is appropriate.
2. Include nutrition guidelines selected by the Board for all foods available on each campus during the school day, with the objectives of promoting student health and reducing childhood obesity.
3. Include goals for nutrition promotion.

5. Establish a plan for measuring implementation of the policy. School principals and food service supervisor will report to the Superintendent annually as to their schools or programs adherence to this policy.

 - b. The wellness policy will be published on the District web site for public information and comment
